

### **Familiarisation programme for Independent Directors**

On their appointment, Independent Directors are familiarized about the Company's operations and businesses. Interaction with the Business Heads and key executives of the Company is also facilitated. Detailed presentations on the business of each of the Division are also made to the Directors. Direct meetings with the Chairman and the Managing Director/Executive Directors are further facilitated for the new appointee to familiarize him/her about the Company/its businesses and the group practices.

As part of the familiarization programme, a handbook is provided to all Directors including Independent Directors at the time of their appointment. The handbook provides a snapshot to the Directors of their duties and responsibilities, rights, appointment process and evaluation, compensation, Board procedure and stakeholders' expectations. The handbook also provides the Directors with an insight into the Group's practices.

All the directors who are members of the Audit Committee are also provided with Manual on Audit Committee detailing the specific duties and responsibilities of the Audit Committee. The Director's Hand Book and the Audit Committee Manual are updated from time to time, based on the changes / amendments made to the applicable statutes.

On an ongoing basis, the Managing Director/Executive Directors, Business Heads, CFO and the senior management team make presentations on the industry scenario, strategy, operations and performance of the business / Company.

The Independent Directors interact with the senior management team during these presentations.

Further, periodic emails are sent to all the directors covering events that may have impact on the business of the Company and/or the agriculture sector in general and, fertiliser and pesticides industries in particular.
