Dear Sirs,

Scrip Code: COROMANDEL / 506395

Sub: Update on impact of Hudhud cyclone on the operations of our unit at Visakhapatnam

This has reference to our letter dated 13th October 2014 informing you of the impact of Hudhud cyclone on the operations of our unit at Visakhapatnam.

Due to delay in restoration of the power supply, the resumption of production at our unit at Visakhapatnam is delayed and is now expected to commence by end of this week. Power supply has been partially restored to-day for use in lighting and utilities. The estimated loss of production for the month is likely to be about 50% of the monthly operating capacity of the Plant.

The cyclone has damaged roofing of the product and raw material storage godowns and insulation /cladding sheets of some tanks and equipments. The Company is taking all necessary steps required for early resumption of the production. The Company has taken Industrial All Risks Policy for the Vizag Unit and the surveyors from Insurance Company are already in the unit assessing the extent of damage.

We shall keep you updated as and when we resume production at our Vizag Unit.

We request you to take the same on record.

Thanking you,

Yours faithfully,
For Coromandel International Limited

P Varadarajan
VP – Legal & Company Secretary
